POP UP ASSEMBLY INSTRUCTIONS

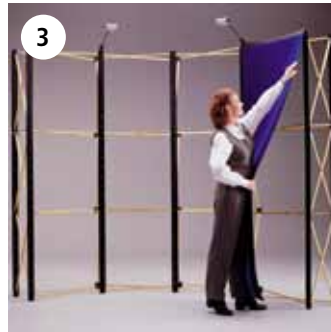

Quadro lights can be attached before the frame goes up, saving you the trouble of trying to reach the top of the display after it is raised to its full height.

1 First, expand the frame

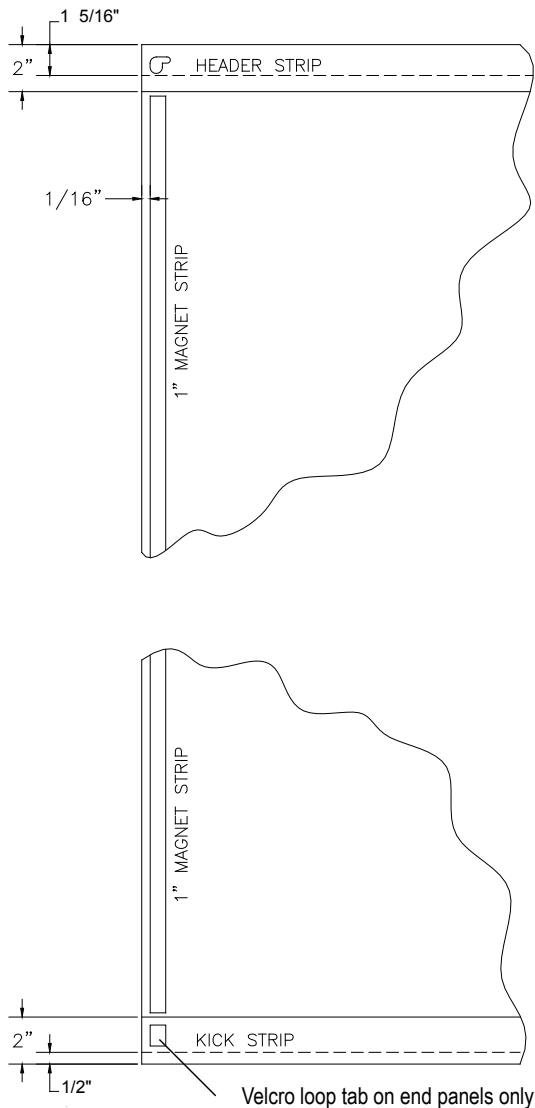

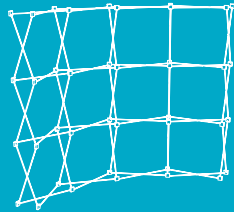

2 Lock the frame in place before adding channel bars.

3 Attach the channel bars to the hubs. Release the frame lock and relax the frame.

4 Hang and align the panels. Good luck at your show and be sure to smile!
