

AERO

Using Your Setup Instructions

The Aero TableTop Setup Instructions are created specifically for your configuration. They include an exploded view of the frame which is sequentially numbered. We encourage you to study the instructions **before** attempting to assemble your exhibit.

Push-button connectors and pre-connected horizontal sections make assembly very simple. No tools are required.

Cleaning and Packing Your Display

- 1) Use care when cleaning aluminum extrusion or acrylic inserts. Use only non-abrasive cleaners.
- 2) Retain all packing material. It will make re-packing much easier and will reduce the likelihood of shipping damage.

Connections are made by holding the button down and sliding the red tube into the opposing tube until it locks in place. To disassemble, push button and pull or twist extrusions apart.

Base Plate Connections are made by holding the button down and sliding the red tube into the opposing tube on base until it locks in place.

Assembly Instructions:

- 1) Connect Base Plates 1 and 2 to lower pieces with corresponding #'s.
- 2) Attach bottom center piece as shown.
- 3) Attach 5 to 5 and 6 to 6.
- 4) Attach 7 to 7 and 8 to 8.
- 5) Assemble top center pieces together and to 9 and 11 as shown.
