The EDPA Portable/ Modular/Hybrid Summit

The EDPA Portable/Modular/Hybrid Summit will be held during EXHIBITOR2014 on Tuesday, March 18th from 3:45pm to 4:30pm in the Food Service Area of the Exhibit Hall (far right in exhibit hall) of Mandalay Bay North Convention Center. A real "from the trenches" view from industry experts and discussion of Design and Manufacturing Trends in the Modular/Hybrid Systems Market.

2014 is off to a strong start industry-wide and particularly within the Modular/Hybrid segment. New trends and continued trends are being seen in the areas of Design, Manufacturing and Sales. Hear what your peers are saying regarding Design and Build trends in their markets. Are there opportunities you are missing? What is selling within the Modular/Hybrid System segment? And learn some key statistics from the recent annual EDPA Portable/Modular and Economic Survey that are helping shape what we all do.

Join us for this informative 45 minute session/update on what's been happening led by Kevin Carty of Classic Exhibits and Christopher Lake from Highmark.

A panel discussion will follow with expert representatives from the Exhibit Design, Graphics, Distribution and Manufacturers within our industry.

Panelist Include:
